

The Autism Spectrum Teacher Podcast!

The aim is to share knowledge, information and practical advice related to autism through having conversations with autistic individuals, parents, carers, teachers, educational professionals and service providers.

The 1st episode is all about - Teaching and support strategies that will not just benefit autistic children, but ALL children.

<https://www.autismspectrumteacher.com/ast-1-successful-teaching-and-support-strategies-that-will-not-just-benefit-autistic-children-but-all-children/>

The 2nd episode is about - Emotional regulation, behaviour, autism and severe learning difficulties with experienced teacher Adem Cetindemar.

You may be interested in having a listen or you may know people who will find it informative and interesting, such as parents and teachers. Please share this with them if so!

The podcast is available to subscribe on iTunes, Spotify, Google Podcasts and more.

I welcome any feedback, comments or themes for future episodes!

Best wishes,
Steph Reed
